Ant Series
Entry Level
Pallet Truck
& Stacker

PTE12
- Full electric operation (traveling & lifting)
- Easy battery change for longer operation
- Italian drive unit with optional rubber driving wheel

1200kg

PTE15/SPT15/EPT15W
- Suspension castors with high stability
- Italian drive unit with optional rubber driver wheel
- 64Ah or optional 85Ah VRLA-AGM battery

1500kg

PTE18L
- Easy entry and exit to pallets
- Optional Maintenance-free 160Ah battery
- Optional built-in charger

1800kg

PTE20X
- Unique 36V system
- 3x12V/85Ah Maintenance-free battery
- Optional Built-in Charger
- Side way battery replacement

2000kg

PS05F
- Self-lift Stack (or "Flying" Stacker)
- Can lift itself safely without a load on its forks
- 12V/42Ah maintenance-free battery

500kg
0.8/1.3M

ECI10
- Full electric operation (traveling & lifting)
- Compact design,DC drive unit with built-in charger
- Duplex mast with max. lift height up to 3.5m, optional straddle-leg type

Straddle Leg

1000kg
1.6/2.0/2.9/3.2/3.5M

Hand Pallet Truck
- Fork width from 450-838mm
- Fork length from 800-2500mm
- Various applications such as High Lifts, Low profile, Anti-corrosion, Weighing scale, and more

1680-5000kg

Manual Stacker
- Hydraulic or winch operated
- Euro or US pallet sizes
- Fork over or straddle leg type

150-1500kg
1M-3M

Semi-Electric Stacker
- Standard or heavy duty design
- Euro or US pallet sizes
- Fork-over or straddle leg type

1000/1500kg
1.6M-3.5M

Tiger Series
Long-tiller Walkie
Electric Pallet Truck
& Stacker

PT12Li
- Compact design with smallest turning radius
- German AC drive unit
- Side way battery replacement
- Lithium battery for fast charge

1200kg

PT16L/20L
- High performance German Vertical AC drive unit
- European top brand key components
- Long tiller for ergonomic and safety
- Optional side battery exchange for PT20L

1600/2000kg

PT25L
- High performance German Vertical AC drive unit
- European top brand key components
- Standard side battery exchange

2500kg

PT20I/PT20D
- Double lifting with initial lift to 800mm or mast lift to 1600/2000/2500mm
- Optional 160Ah battery (for PT20) or 210Ah battery (for sideway replacement)
- Optional side-control buttons for order picking

2000kg
0.8/1.6/2.0/2.5M

PS12L/PS16L
- High performance German Vertical AC drive unit
- European top brand key components
- Standard Proportional lifting and lowering for accurate control
- PS16L Optional straddle-leg type

1200/1600kg
1.6/2.9/3.2/3.6/4.3/4.6/5.3M

PS20L
- European top brand key components, high performance Vertical AC drive unit
- Standard sideway battery replacement
- Standard Proportional lifting and lowering for accurate control
- Optional straddle-leg type

2000kg
2.9/3.2/3.6/4.3/4.6M

Buffalo Series
Short-tiller Walkie
Electric Pallet Truck
& Stacker
(Optional Ride-on
Platform)

PT15
- Nobelift high quality AC drive unit
- Powerful 85Ah VRLA-AGM battery, with built-in Charger
- CAN-BUS technology for easy operation and service

1500kg

PTE20
- Nobelift high quality AC drive unit
- CAN-BUS technology for easy operation and service
- Optional electric power steering (EPS)
- Optional ride-on platform

2000kg

PT20
- Nobelift high quality AC drive unit
- Ride-on foldable platform for long distance application
- CAN-BUS technology for easy operation and service
- Optional electric power steering(EPS)

2000kg

PS10M
- Mono-mast design with great view
- Compact design,AC drive unit
- Universal for low duty applications, optional straddle-leg type

1000kg
1.6/2.0M

PSB12/15/PS16W
- Nobelift powerful AC drive unit
- Optional ride-on foldable platform
- Triplex mast for PS B15 with extremely low overall height for combined space
- High stability and excellent view for PS16W

1200/1500/1600kg
1.6/2.9/3.2/3.6/2.9/3.4/4.6M

PS15
- Nobelift powerful AC Vertical drive unit
- Optional ride-on foldable platform
- Optional electric power steering (EPS)
- Optional straddle-leg type

1500kg
2.9/3.2/3.6/4.0/4.6/5.0/5.5/6.0M

PS20/PS20D
- Nobelift powerful AC drive unit
- Optional double-lifting(support arm lift) to double the efficiency
- Optional electric power steering(EPS), optional ride-on foldable platform

2000kg
2.6/2.9/3.6/2.9/3.2/3.6/4.0M

Leopard Series
Ride-on
Electric Pallet Truck

PT20/25/30PLUS
- Side way battery replacement
- High speed and efficiency
- Optional fixed or foldable platfrom
- Extremely robust and strong for multi-shift operation

2000/2500/3000kg
7-12(Km/h)

PT25P
- High performance German Vertical AC drive unit with high speed
- Ride-on platform(foldable or fixed) for long distance application
- Standard electric power steering (EPS)
- CAN-BUS technology for easy operation and service

2500kg
9/12(Km/h)

PT27/36R
- High performance German Vertical AC drive unit with high speed
- European top brand key components
- High capacity with high speed for extra large warehouse transports

2700/3600kg
11/14 9.5/12(Km/h)

OPL25
- High performance German AC drive motor
- Standard Electric Power Steering (EPS, Zapi)
- Standard sideway battery replacement

2500kg
9.0/12.0(Km/h)

camel Series
Walkie,
Ride-on or Sit-on
Tow tractors

TE10
- Smart and compact design for easy operation
- Easy battery change for longer operation
- Stand non-making rubber wheel for quiet operation

1000kg

T30
- High performance German AC drive motor
- CAN-BUS technology for easy operation and service
- Standard sideway battery replacement

3000kg

T60
- Compact design with small turning radius
- High performance AC drive unit
- Environment friendly and high reliablity

6000kg

Travel speed,
laden/unladen

Top Brand Components

We are working with top brand manufacturers of key components.
With this approach we can ensure excellent working performance and long life-time of our products.
